

The power of association

PRODUCING SUPERIOR RESULTS.

The Harmonie Group is an affiliation of independent law firms providing a broad spectrum of high quality legal services to corporations, insurance carriers, and third party claim administrators. Because our network spans North America, our clients are afforded efficient, reliable and consistent service across jurisdictions. Membership in The Harmonie Group is by invitation only and is limited to one firm in each state except in states where there are multiple major metropolitan areas or other specific client or Harmonie Group needs. The Harmonie Group extends membership invitations only to experienced, highly qualified law firms that have earned the respect of their peers, the courts and their clients.

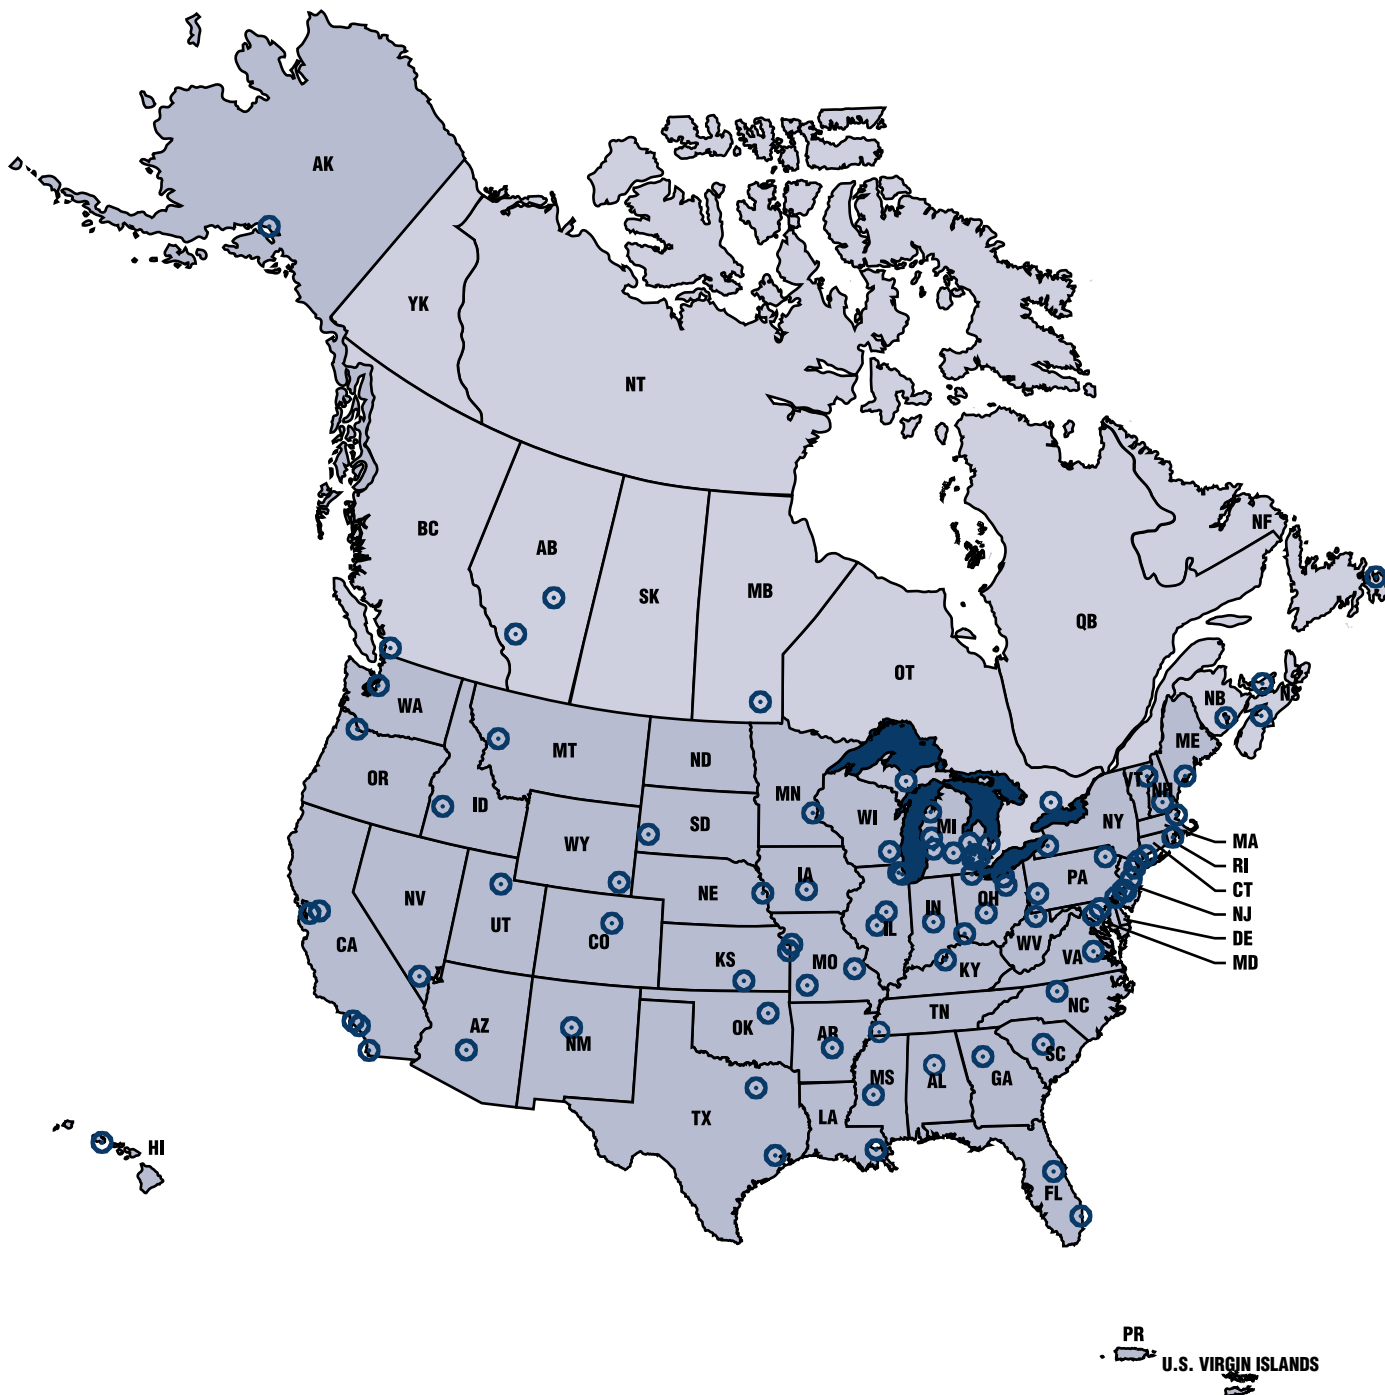

COMBINING PERSONALIZED SERVICE WITH THE POWER OF A NETWORK.

The Harmonie Group is comprised of local affiliates. Our members maximize the use of technology to increase efficiency and decrease expense for clients. Use of technology permits clients to coordinate defense strategies in response to national claims. This provides a unified and consistent defense strategy and avoids conflicting positions in different jurisdictions. The Harmonie Group law firms also endorse Alternative Dispute Resolution wherever appropriate.

THE BOTTOM LINE.

All member firms have well earned reputations in negotiation, litigation, and trial advocacy. While The Harmonie Group's primary focus is litigation defense, many firms also provide a wide variety of services to assist clients' transactional needs.

The Harmonie Group law firms offer truly helpful service and advice grounded in experience and professionalism. The knowledge of member firms provides a solid foundation for success. For more details or contact information, please visit www.harmonie.org.

Harmonie Group affiliates provide high quality defense representation throughout the United States. This national scope allows coordinated defense strategies to be developed and followed in multiple jurisdictions throughout the litigation process. In cases of national significance, clients are offered unified and consistent advocacy while receiving the highest level of local knowledge in each venue. Representation in Canada is available through Harmonie's relationship with Canadian Litigation Counsel, an affiliation of independent Canadian law firms, and in Europe through Beachcroft Wansbroughs, a London-based law firm.
